

SHOP MANAGEMENT

Whatever your needs, we've got a shop management solution that fits

ESTIMATOR

A fast, easy way for shops to create professional, compliant estimates with parts & labor directly from ALLDATA. Ideal for any shop in need of a simple online estimating solution.*

ALLDATA SHOP MANAGER®

Simplifies your day-to-day shop needs and easily creates professional estimates, repair orders, and invoices with parts and labor directly from ALLDATA. Stores customer/vehicle info, generates basic sales and tax reports, and more.*

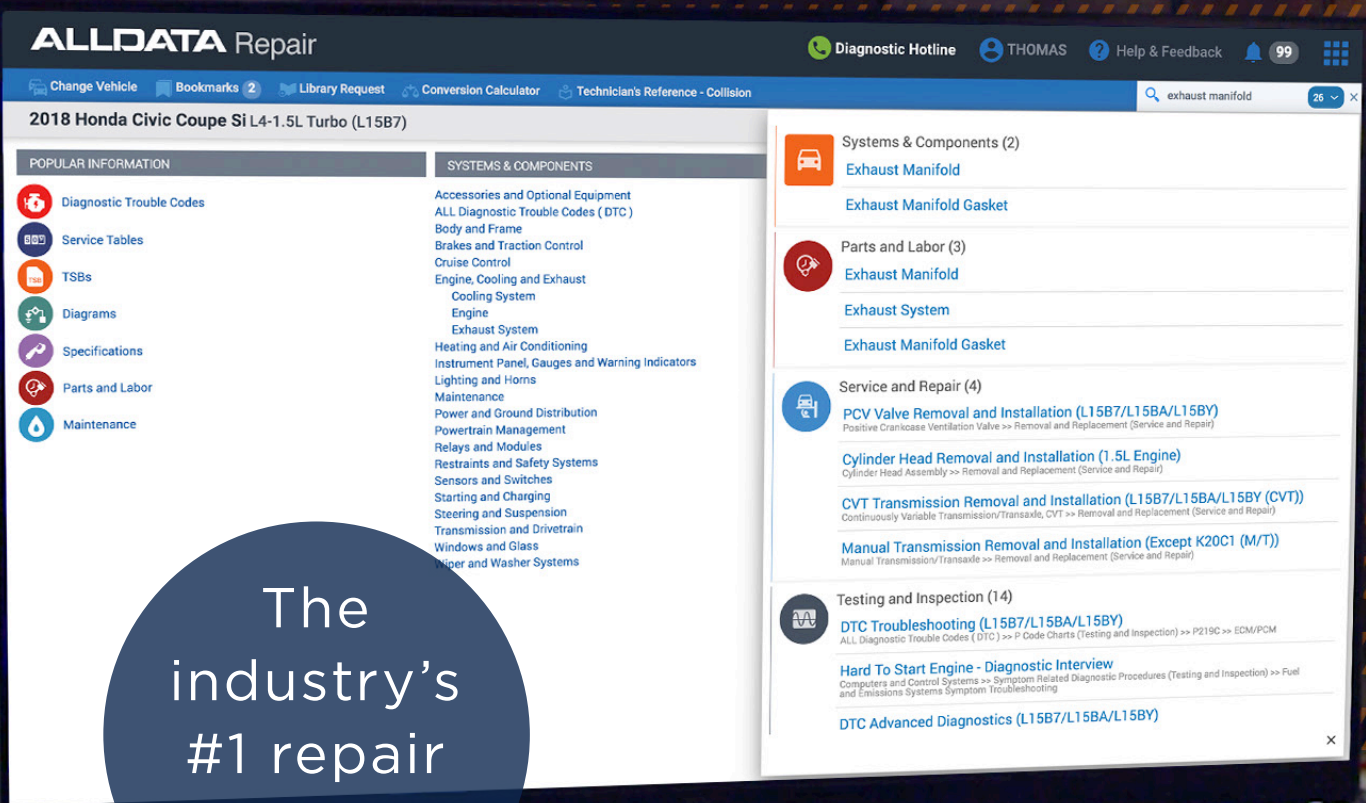

ALLDATA MANAGE™ Online

Offers expanded features for comprehensive shop management, from creating estimates to running business reports. Integrates with **Quickbooks, myCarFax, Demandforce, MechanicNet, Worldpay, and Twilio**. Send job alerts via text or email with built-in customer relationship manager (CRM), and more.

* ALLDATA Shop Manager and Estimator require a subscription to ALLDATA Repair or ALLDATA Collision
** Requires an add-on of ALLDATA Inspections

ALLDATA REPAIR®

All the information you need for faster diagnostics and OEM-accurate vehicle repair, right at your fingertips. Get instant access to the industry's most complete and up-to-date OEM repair information – with coverage for 95% of vehicles on the road today.

- Repair and maintenance procedures, diagnostic information, TSBs, DTCs, and more
- 300,000+ non-OE interactive color wiring diagrams (in addition to OEM diagrams)
- Millions of Probable Causes and 100,000+ verified/suggested repairs in Community
- **NEW** ADAS Quick Reference links directly to ADAS systems, components, and locations with basic calibration information, required tools, and servicing prerequisites
- Support from the ALLDATA Library team for hard-to-find OEM information

I use ALLDATA for everything. Something as simple as an oil change all the way to wiring diagrams for the technicians to help them diagnose a car.

ALLDATA DIAGNOSTICS®

Turns your tablet into a professional-level scan tool*

ALLDATA built-in

- The only scan tool solution with ALLDATA Repair built-in*
- Codes link directly to relevant articles and probable cause data – there's no punching out to a separate browser or application

Professional

- Retrieve and clear manufacturer P, B, C, and U codes
- Conduct full-system vehicle DTC scans with exportable pre- and post-scan reports
- Read and graphically display PIDs record and play back live data
- Perform bi-directional component control
- Access System Tests, Relearns, Resets, and more

Affordable

- Unlimited pre- and post-scans – no per-scan fee
- No upfront cost for hardware
- No charge for software/data updates

* ALLDATA Diagnostics requires a subscription to ALLDATA Repair.

** iOS and Android compatible devices available with limited scanning capabilities.

Portable

- Connects to the OBDII port and links via Bluetooth to your tablet
- Run vehicle scans on your phone**

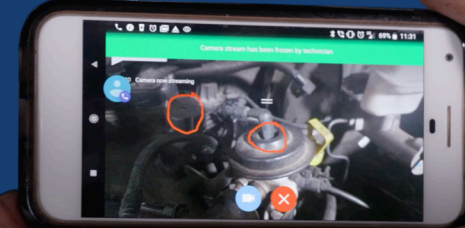

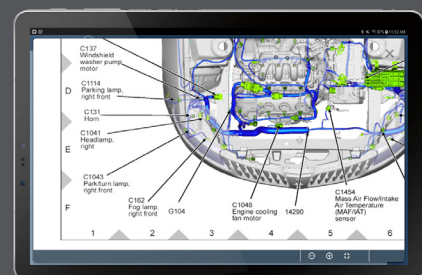

They [technicians] can see the OEM procedures associated with the codes, saving them valuable research time. ALLDATA's the only scan tool with that information built-in.
